

Jewish Milestones

Authentic, Accessible, Meaningful Jewish Lifecycle Rituals

Services We Offer to Ritual Facilitators

(both clergy and lay people)

Training and Professional Development

Our workshops and retreats provide unique opportunities for engaging with Jewish text, traditions, innovations, and best practices related to Jewish ritual.

Consultations and Support

We provide expert consultation about Jewish ritual design and facilitation. We can teach you how to lead a particular ritual, provide feedback on a ritual you've designed, and support you through challenging situations. Contact Julie Batz (Julie@JewishMilestones.org) to learn more about our consultations.

Referrals

We maintain an extensive database of rabbis, cantors, service leaders, ritual facilitators and officiants, teachers, tutors, Jewish spiritual directors, Jewish hospital and hospice chaplains, artists, musicians, and others who welcome referrals for Jewish lifecycle rituals. Contact Deb Fink (Deb@JewishMilestones.org) if you would like to be included in our database or if you need help making a referral.

Resources

Our library contains books (both informational and inspirational) on traditional and contemporary Jewish lifecycle rituals; articles; music; sample rituals, invitations, and programs; and a list of helpful websites. We also have Jewish ritual objects (a Torah, a portable ark, prayer shawls, a chuppah, and more) that are available for loan. Contact our office (Admin@JewishMilestones.org) to learn more or to set up an appointment to come in and browse.
